YMCA Building Fund Campaign Now Under Way

This is Y.M.C.A. Week, marking the start of the building fund campaign which will bring the area's 'Y' facilities up to date.

Last Sunday was 'Y' Sunday in the churches. Serving as a chairman in the 'Y' recognition week is the Rev. Douglas H. Henderson, pastor of the Albany Community Methodist Church.

"The Y.M.C.A. is the serving arm of the Christian churches in our community," he declared.

"Every church related person in Albany ought to give a material boost to the 'Y' in the current building fund campaign, so that in the future it may better minister to our youth in its grand tradition of body, mind and spirit."

And Leslie Dobbins, general chairman of the drive, stated: "The 'Y' facilities are now nearly 50 years old. We have been using and enjoying the contributions of past generations long enough. Now it is our turn; time to catch up to date."

Albany Heart Association Sunday Drive Gets \$1,053.96; Below Quota

At last reports the Alameda County Heart Association had collected more than \$70,000 as a result of its Feb. 23 Sunday house to house canvass. This figure does not include mail returns, nor special gifts which have yet to be counted. The drive in the City of Albany has recorded a total of \$1,053.96.

According to Heart Association officials they are depending upon mail or other returns from the many residents not at home or otherwise not contacted during the Sunday drive. They are also depending upon contributions from business houses, which of course in most cases were closed and not contacted at all.

Albany area chairmen turned in their collections to the Albany Police Station, 805 San Pablo Avenue, LA 5-7300. Loomis Armored trucks pick up the funds.

Community Chairman is Mrs. May Ellis Olson, Ellis Olson Mortuary, 727 San Pablo Avenue, LA 5-0246. Vice-Chairman is Mrs. William J. Koser, 1347 Washington Avenue.

Chairman of Area "A" is Mrs. Bernard Johnson. District Captains for the area are: Mrs. I. L. White, Mrs. L. L. George, Mrs. Mae Kouns, and Mrs. Austin Angell.

High Twelve Club To See Movie on 'Tapping The Till'

Members and visitors at the Albany High Twelve Club will see a most interesting and instructive film at their luncheon meeting at the Red Barn this Friday noon. The film will be presented by Lewis M. Howell, manager of the Pic 'n' Pac markets and Mayor of Albany. Attorney Walter Brophy will be chairman of the day.

The film will show how gangs of crooks work in robbing the markets by having one of their number call the attendant's attention to an alleged mistake in checking, while his partner abstracts a handful of change from the cash register. Recent checks show, according to Howell, that the markets lose from \$20,000 to \$60,000 or more a year to these crooks. The figures are in addition to the petty thefts of goods from the shelves or trays which also add up to a considerable figure, but are not so easily checked.

The meeting will start at 12:15 p.m.

Albany Camera Club Announces Picture Awards

At the regular meeting of the Albany Camera Club on February 27, in the Veterans' Memorial Building, in Albany, the following won awards for best pictures in competition:

First — Irvin J. Pruter for "Por Favor!"

Second — Mrs. Ruben Snyder for "Autumn."

The Albany Club is very happy that third and fourth places Class B were won by Marjorie Scott for her "Shades of Alt Baba," and Devere Wait for her "Windemere Swans," at the NAC meeting held on February 21 in Chabot School. The meeting was hosted by the Oakland Camera Club.

Mr. and Mrs. George Irwin showed their interesting travelogue pictures of their European trip last summer.

San Rafael Bridge Film to be Shown At Rotary Mar. 4

A film showing the methods and construction operations in building the Richmond-San Rafael bridge will be shown at Albany's Rotary luncheon next Tuesday. Arrangements for the film showing were made by "Bud" Read, chairman of the day, with the Judson-Pacific-Murphy Company, one of the major operators in the big engineering job. A representative of the construction company will be on hand to explain details shown by the film. Rotary president, "Dick" Thomssen, will preside.

Last week Rotarians and guests were given graphic word pictures of life in foreign countries by exchange students who have lived in private homes in countries other than their own, and have an opportunity to see foreign home life from the inside. Moderator of the discussion was William G. Woolworth of the Albany School Department, who was host for a year to a young German student. Two Albany high students, Nancy McKeown and Kenneth Logan, and Marianna Rickkimen of Finland, who is here attending Albany High School, took part in the program. Walter Kees was chairman of the day.

SCHEDULE AT DUMP CUT FOR RACE MEET

The Albany City Dump, which has been open daily since the close of the last racing season at Golden Gate Fields, will be open only two days a week, starting on Mar. 12, and ending on May 18. These are the dates of the spring racing season and because of traffic hazards the approach to the dump will be closed except on Sundays and Mondays. This was announced Monday night at the Albany Council meeting. There will be two exceptions to this schedule: Owing to race dates on March 17 and April 14, the dump will be closed on those dates but will be open on the Tuesdays following, March 18 and April 15.

Approval also was given authorizing the mayor to execute a new agreement with the Oakland Scavenger Company, with the proviso that residents be allowed to mix garbage and rubbish in their garbage cans.

In considering the proposed widening of Portland Avenue it was decided to notify all residents directly affected as well as to authorize the utility companies to relocate their poles, etc.

On the much discussed proposed closing or relocation of a portion of San Gabriel Avenue the council decided to notify property owners in the area of plans under discussion, and also to furnish the School Board with a detailed map showing proposed changes, and to ask the Board to take over a portion of the cost of relocation and maintenance.

Six ordinances were passed on first reading, five of them mainly dealing with zoning. Changes in alleyway, or setback. Mrs. Zahn abstained from voting on the rezoning change of property adjacent to 1059 Talbot, questioning the ruling by City Attorney Foley that "Conditional Rezoning" was legal.

Concerning the sewer problem in the vicinity of 1502 Marin Avenue the City Engineer was authorized to make a further study of the situation in view of new facts presented.

Recommendation of Police Chief Jensen that Ordinance No. 293 be repealed and a new dance ordinance drawn up, was referred to Chief Jensen and Attorney Foley for study and formulation of an up-to-date ordinance.

The indiscriminate carrying of councilmen in the city's police cars was banned by a vote of 4 to 1, on the ground it tied up cars in service to a certain extent, and also made the city liable, in case of accident, to damage suits. It was held the councilmen receive a car allowance of \$50 a month and should therefore use their own cars. Mrs. Zahn voted "No," claiming the move was an encroachment on the police chief's authority.

Councilman Blank suggested that City Engineer McAuley be named as director of the city employees Green Cross Safety Program in view of his other Green Cross activity, and this was approved. Mrs. Zahn suggested a study be made by the city engineer and the city attorney on the proposed closing of Evelyn and Cornell at the north city limits, and that the matter also be referred to the Traffic and Safety Commission.

side there are still many ancient castles and buildings which give evidence of a different Germany of many years ago. Also, sleepy little farm villages dot the countryside on the same sites of other villages of times long past. These two facts were brought out clearly to me during the many bi-

Sub-Deb Fashion Show Scheduled At Claremont

Especially for the younger set will be the Easter Fair Sub-Deb Fashion Shows at the Hotel Claremont in Berkeley Saturday, March 8. The clothes on parade, the models, the intermission entertainment and even the decor for the two fashion promenades at 1:30 and at 3:30 p.m. have all been selected with but one thought in mind — to please a Gold Room audience of fashion-conscious sub-debs!

Thirty of the hospital high school branches' prettiest members will model at Saturday's shows. In preparation for their parade along the fashion ramp, all thirty have attended a series of three training classes on Sunday afternoons in Piedmont's Recreation Center, Mrs. William O. Bullard and Mrs. Wellington Ray, both of Redwood Branch, under whose direction the Sub-Deb Fashion Shows are being staged, have supervised these model training sessions.

Proceeds from the Sub-Deb Fashion Show, as from all the events

In the Lenten service next Wednesday at 7:45 p.m. the pastor will continue his series of sermons on "The Cross," speaking on the topic, "The Magnetism of the Cross."

CHRISTIAN SCIENCE

How spiritual understanding of true manhood brings new health and freedom will be explained Sunday at Christian Science services at 533 San Pablo Avenue in Albany.

The Lesson - Sermon entitled "Man" will include the following passage from the Bible (Psalms 16:5, 6): "The Lord is the portion of mine inheritance and of my cup; thou maintainest my lot. The lines are fallen unto me in pleasant places; yea, I have a goodly heritage."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (317:18): "The understanding of his spiritual individuality makes man more real, more formidable in truth, and enables him to conquer sin, disease, and death."

The Golden Text is from Psalms (37:37): "Mark the perfect man, and behold the upright; for the end of that man is peace."

WHAT'S DOING

Care for a look at some unusual phones? Here are a couple of experimental types. You'll agree they're quite a change from the phones you use every day. So we've asked a number of people to try them out at home for a month. In the foreground is a new-style bedroom phone. The phone at left is even more unusual. The dial's built right into the handset. Naturally, it's too early to tell if either of these phones will ever go into regular service. But our aim is to find out what telephone users think of them. For what we learn from tests like this will help set the style of your future telephone.

You know that wire that runs from your phone to the pole outside? It's called a drop wire. With lots of new phones going in, you've probably seen phone men hooking up these wires. Most always, they have a few small pieces left over. Do they throw these pieces away? Not at all! These "leftovers" are put together into lengths of wire we can use somewhere else. Just like a budget-minded housewife, we make good use of our scraps!

California Conservation Week will be observed throughout the state from March 7 to 14. And this is a good time for all of us to take steps to preserve California's natural resources. Conservation authorities pointed out that Californians all have a big stake in this, and there are many things we as individuals can do. We can support tree planting programs that beautify cities and rural areas. We can conserve water at both ends of the pipe line. That means protecting water sources — and not wasting water. We can practice "outdoor good manners" and prevent the littering up of cities, roads, camp grounds and countryside. And we can all give our support to the Conservation Clubs that are working to save

Tells of Germany

(Continued from Page 1)

cycle trips and hikes I took this summer with my German family. I saw proof that Germany has not always been the bustling modern nation of today.

Any large city in West Germany looks quite American with many automobiles and traffic problems, modern office buildings and stores, wide streets and television antennas on the roofs. There are, however, a few ruins still standing, which serve as stark reminders of the recent past.

During my summer in Germany I toured many castles, cities and factories, much like the thousands of American tourists, but because I was living with a family there, I had the once in a lifetime opportunity of seeing that country as a German sees it. I was able to enter

into a home and live there as a member of the family, and thus gain a little better insight into the country and its people. I also hope about each other, such as through the A.F.S. Program, it will be much easier to bring about world peace.

Johnny Maddox
2nd-Yr. Qualifier

One of the top retail salesmen in the entire state of California and a winner of \$500 for 1956 sales has been giving indication that he'll be a prime contender for jackpot money again in 1957.

John Maddox, Master Salesman at Muller-Gordon Motor Co., Albany, California, will be in the "tough to beat" category when prize winners are announced for the 1957 selling year. Preliminary reports indicate Maddox has accumulated over 7000 points in his Class A dealership.

Maddox, interviewed several months ago in the Report, uses no "high pressure tactics" as he tries to treat every customer objectively. After he qualifies a prospect as to price, need and desire to buy, he presents every used car with honesty, for what it is. "In this way I have built up confidence on the part of my prospects, and they come back again when they're in the market." "Be honest with yourself, the dealer and the customer and your selling job will become a success," Maddox says.
